

****NEW FOR 2016-17****

Street Art in your School

Create a colourful urban art mural inspired by Banksy or an artist of your choice

Curriculum links: Art & Design

Suitable for KS1 and KS2 pupils

Street Art in your School with Artz Academy

Inspired by Banksy (or an artist of your choice), your pupils will work with street artist, Gabrielle Harris, to create a large mural to display in school.

This engaging and practical workshop will give pupils the opportunity to explore real life examples of street art and develop their understanding of how history has informed the content of many street artists' work.

Pupils will use a range of specialist materials and techniques used in street art (e.g. non-toxic spray paint, stencils) in a safe and managed way. Through the session, Gabrielle will support the pupils to understand how images and art can convey strong meanings and messages through 'visual literacy'. They will be encouraged to share their ideas, collaborate with, and support each other to create a large mural. This is a one day workshop, suitable for 30 pupils, from KS1 or KS2.

What will the school need to provide:

- Teacher or a member of staff to be present at all times
- Access to a sink to wash brushes
- Suitable space to work from (usually the school hall)
- Acrylic paints, 500ml pots of various colours and size 10, 14 major brush's, paper, Velcro tape, aprons, floor covering, large cartridge paper, pencils, rubbers, sharpeners for each pupil, mixing palettes, water pots (Gabrielle will bring the additional, specialist materials)

Cost:

ArtForms Arts Development SLA schools- this Creative Project is at a **discounted** rate of £232

Non SLA schools- there will be a charge of £290 for this Creative Projects.

Gabrielle Harris is the founder of *Artz Academy*. Since 2001, Gabrielle has used urban and graffiti arts to engage and inspire children and young people across a range of educational and community settings. She is passionate about helping children to develop their voice through visual art, developing their practical skills and ability to work together in the process.
