Drama Live! with Natalie Hamburg

“The children were enthusiastic and thoroughly engaged; they appeared to have great fun and took pride in their efforts.” Parent - Lawnswood Park Primary school

Drama can be a highly effective teaching tool which supports children to fully engage in their learning. Drama Live! is a **bespoke offer** for schools and includes:

- **A 60 minute planning session with a class teacher.** Natalie will work with the teacher to plan a 90 minute drama session. The session can be designed to cover a specific topic or theme and learning outcomes will be agreed in consultation with the teacher.
- **90 minute drama session delivered with one class.** Natalie will work with one class where the pupils will immerse themselves in their classroom topic.

During the session pupils will:

- Participate in role play and improvisation
- Work in small groups to devise dialogue and action
- Explore ‘performance’, identifying key techniques to inform how they perform to an audience

Working through Drama provides pupils with the opportunity to learn in an active and dynamic way. Pupils will also develop other skills through this approach including communication, cooperation and teamwork.
