

## **Printmaking for Enterprise**

*Develop your art skills and find out how to use them for a class business enterprise!*

**Leeds College of Art, 11<sup>th</sup> October, 3pm – 5.30**

Curriculum links: Visual Art, Enterprise

This session, hosted and delivered by Leeds College of Art, is designed to:

- Develop your knowledge and practical skills in printmaking
- Explore ways in which you can use printmaking to create a class/school business in time for Christmas

This will be a practical workshop where you will work alongside Leeds College of Art students who have experience of working alongside Hallmark to create wrapping paper and greetings cards. The session will enable you to make the links between an art activity and a real life context enabling you to develop a project back at school with a clear purpose which supports core curriculum subjects. You will have the opportunity to work with the art college's resources and materials but everything covered in the session can be easily transferred to a classroom setting.
