

LEEDS SAMBA TOO!

Following on from the success of our Rio Challenge Samba Band in 2016, we'd like to invite you to take part in Leeds Samba Too 2017. Our focus in this project is building on the legacy of the Rio Challenge, and supporting you to embed Samba within your curriculum. The project is designed for schools that already have some experience of running a Samba band (ideal for those schools that took part in the Rio Challenge 2016), and who wish to take their pupils to the next level of playing. The project will be introduced in a CPD session for lead teachers, and you will receive 2 practitioner-led workshops in your school. You will be expected to practise regularly between workshops to enable your children to develop their percussion skills. This will lead to a high quality celebration workshop and performance at the end of the project.

You are invited to bring up to 30 children from UKS2 (the event is most suitable for Y5 and Y6). The children need not have taken part in previous Samba events, however, the lead teacher will be at an advantage if they have some previous Samba experience. There is no charge for the event but it is expected that your school will organise and pay for your own transport.

LEEDS SAMBA TOO !

Tuesday 11th July 2017 at Pudsey Civic Hall, Dawsons Corner, LS28 5TA
Session 1: 9.30am - 11.30am OR
Session 2: 1.00pm - 3.00pm
(Session time to be allocated once place is confirmed)

In order to support staff and children in this event, we have created a package which includes a Teachers' CPD session and 2 workshops for children. Schools must commit to taking part in all elements of the package as follows:

- Your lead teacher (and up to one other member of staff) attending a CPD session, led by Louder Than Life. This will take place on Monday 13th March, 2.00-4pm at Leeds City Academy, Bedford Field, Woodhouse Cliff, Leeds LS6 2LG.
- Your school hosting two workshops for your teacher(s) and children, led by one of our practitioners. These will take place in the Summer Term and you will be allocated dates once your place on the project is confirmed.
- Your lead teacher practising in school with your children regularly to prepare them for the event. We will provide instruments for you and these can be collected on 13th March.

Only 10 schools will be able to access this package. We anticipate a high demand, so priority will be given to schools that took part in Rio Challenge Samba Band 2016. However, all schools are welcome to register for the event on a first come, first served basis.
