## Primary Edition Autumn Term One 2019

Welcome to the Music and Arts Newsletter for primary schools.

### Why extra curricular activities matter

The importance of extra-curricular activity is explored in this report from the Social Mobility Commission: [An Unequal Playing Field: Extra-Curricular Activities, Soft Skills and Social Mobility](#)

One of the best bits about childhood is doing the things you enjoy outside of the classroom. Yet research suggests that children and young people (C&YP) from disadvantaged backgrounds never get the chance. As a result they lose out on benefits including increased confidence; aspirations to go onto higher or further education; a sense of health and well being and belonging; and the development of 'soft skills'. Extra-curricular activities are also vital for C&YP to develop networks which those from affluent backgrounds may already have.

C&YP engaged in the research reported that extra-curricular activities give them the opportunity to have fun and relieve the stresses of their pressurised school lives. However, the research indicates that there is a direct link between household income and participation with children from the poorest households much less likely to take part in any extra-curricular activity.

The report makes 4 recommendations including increasing the organisational capacity of schools to support their extra-curricular provision and improve information on the availability of activity in local areas

In Leeds, there is a wealth of extra curricular activities for C&YP to access, much of which is free. The [Breeze Culture Network](#) (BCN) is a website which provides information about opportunities across the city.

For teachers interested in using drama in the classroom, National Drama, the subject association for Drama teachers and theatre educators, are coming to Leeds in October to deliver a CPD workshop.

The aims of the workshop are to:

- Introduce drama strategies to teachers who are new to drama;
- Experience Drama as a pedagogy to approach core subjects and topics;
- Highlight the learning potential when teacher and pupils work collaboratively in role;
- Engage teachers in a drama experience that deepens their knowledge of drama skills, conventions and form;
- Provide resources that can be used in the classroom

The CPD will take place on **Tuesday 8th October**, 1.15pm – 4.30pm at Manor Wood Primary School (previously known as Carr Manor Primary School). Delegate places cost £30. For further information and to book your place, please contact click [here](#).

### Borrow a picture from the Picture Library

When it comes to discussing art, children are often more confident than adults in expressing their thoughts and opinions. Having original art in your classroom can create a talking point for pupils (and teachers!) and be a valuable tool for teaching and learning subjects across the curriculum.

From October 2019, Leeds Museums and Galleries are offering schools the opportunity to borrow original works of art from their [Picture Library](#). The offer is available to any school who is signed up to their [Primary School Membership](#)

[Scheme](#). Schools that are signed up to the Picture Library will be able to select their art work at special VIP sessions four times a year.

If you are interested in finding out more about the Picture Library, please contact [schools.membership@leeds.gov.uk](mailto:schools.membership@leeds.gov.uk)
