1. Copy or print off the bigger diagram of a glockenspiel as big as you can [up to about 60cm diameter].

2. Stick the diagram onto card if possible. If you can't, put the diagram onto a table or similar hard surface.

3. Label the notes on your diagram. Some are labelled for you.

4. Colour code the chords by putting the correct coloured dots on the notes. Here are the colours:

Chord of C [red] = C & G, Chord of G [green] = G & D, Chord of F [yellow] = F & C*

[See the smaller diagram on the right where the chord of C is done for you.]

5. Now find the notes [on the second and fourth lines of songsheet] from the song below and, with your fingers or wooden spoons, or anything tap where they are on your diagram.

6. Sing the note names as you "play" them.

*If you are colour-blind, skip this step
