5	C	6	C	7	G	8	C
EDCD		EEE		DDED		C	

CHORDS
C E G G B D
base notes under line

HO HO HO HA HA HEE HEE

1. Copy and label or print off the diagram of the piano keyboards to a width of 18cm.
2. Stick the diagram onto card if possible. If you can't, put the diagram onto a table or similar hard surface.
3. Label the notes. [Two have done already]
3. Colour code the chords by putting the correct coloured dots on the notes. [Two of the reds have been done already]. Here are the colours. [We are only using power chords at this point. Explanation to follow at a later date] :

Chord of C [red] = C & G, Chord of G [green] = G & D, Chord of F [yellow] = F & C*

[See this smaller diagram on the left where the chord of C is done for you.]

4. Now find the notes [on the second and fourth lines of songsheet] from the song below and, with your fingers tap where they are on your diagram. [Next week we do "proper" fingering.]
5. Sing the note names as you "play" them [e.g. sing **EDCD EEE** etc]

*If you are colour-blind, skip this step
