

Now think about bottom F and which little finger you use to play it [right or left] you will have done this in Grade 1. Then find bottom E on the opposite side [so if you play F on the right you will play E on the left. And vice versa- LH F/ RH E.]

Ex 3

Play these smooth phrases low, with a strong sound, then high [the fingerings are the SAME.] The two ways of playing the little finger keys are above and below the notes.
