

## CLYTWO PLANS FOR THE LOCKDOWN

Dear Parents/Carers,

This term has certainly been a unique experience for us all! For the next four Tuesdays we will be meeting online on Google classrooms.

To make this the best experience we can, we are going to run the rehearsals slightly differently; We are going to break the rehearsal into 3 different sections all 20 minutes long focusing on different activities. These activities include; a 4 week Olympics challenge based on instrumental skills with prizes for the winners, more traditional based rehearsals but online and learnings some body percussion skills.

The final 15 minutes of the rehearsal will be a social so that everyone can see everyone and catch up!

The hard thing as a team we found with lockdown mark 1 was the amount of silence on our Tuesday evenings. This time around we are very pleased that we can keep going in some form and we are going to make an online recorded concert video. To make this happen if you could film yourselves playing a piece on your instrument that you are currently learning and email it to [Edward.Roberts@leeds.gov.uk](mailto:Edward.Roberts@leeds.gov.uk) we will create an video concert that we can send out to parents, grandparents, relatives all over the world! Please return your videos by 20/11/2020 to take part.

We look forward to seeing everyone online this Tuesday!

As ever,

Ed, Ian and Alison

Calverley park
