

## GOOGLE CLASSROOM GUIDANCE

Dear Parents and Carers

Thank you for understanding and cooperating with the new ways we have had to run the CLYM orchestras, bands and choirs over the last few weeks. We have been very impressed with the sensible way in which the young people have attended these when they have run.

As you know we now have cancel all face to face sessions but are really pleased that we can continue to keep in touch by moving online and using Google classrooms. You should now have a new email address which will end @leedsadultlearning.ac.uk this will give you access to the relevant Google classroom.

If you are having problems getting it to work or haven't received the relevant information please contact your group leader. They should be able to help you or will know who to ask if it's still not working.

Your group leaders will let you know when your session is happening and will send you the relevant link.

**It is important that you read the attached information about how these sessions will run safely from home.**

Many thanks

Diane Paterson
