

CHOIR REHEARSALS

Hi

It was really good to see those of you who managed to get online via google classrooms. It went better than I expected and I hope you have all enjoyed starting to learn the Carol of The Bells as well as practicing the modern version of Away in a Manger and Hodie .

We can now return to rehearsing at Pudsey on Wednesday the 2nd Dec from 6.30 till 7.45.

If you really can't get to Pudsey on Wednesdays I will also open up the classroom so you can be there virtually via google classrooms.

Please let me know which you will be doing. See reply at the end of this email .

Filming the Hodie piece for the LSMA online concert

At this week's rehearsal we are hoping to re-film the Hodie piece which we sang in the dark the night before lockdown.

Everyone who saw the original version thought it was magical and they want to use it as part of the online LSMA Christmas concert which is going out

To primary schools on the 9th Dec.

If we are to film it again we will need all of those who know it to be there – if you're not sure about it do go to the google classroom and watch the video .

We will try to film it with the lights down and also walking around with 2m gaps between us all .

Please come dressed as if you are in a concert – basically all black with shoes rather than trainers I will bring the concert scarves. Although if it's really dark you may not be seen .

Do bring a torch or use your phone as if it were a candle light.

Resources on Google Drive

Do remember that all the choir resources are on the google drive in the Youth Choir classroom.

So you can listen to Julia singing the Hodie and the Away in Manger and see the video of us singing in the dark

Photo and video Permissions

We will need all your permission letters in ASAP.

If you have not already sent one in please note that the CLYM application form for this year has a place there for parents to sign and give permission for you to be filmed.

I'll send the form in the next email.

Hope to see you on Wednesday - do let me know which you will be doing by sending this reply back in an email by return
