

MR BLUE SKY

Dear City of Leeds Youth Music Parents, Carers and Members,

I am writing to invite you to take part in an exciting collaboration between members of all of our City of Leeds Youth Music (CLYM) groups. The project is to record a virtual video performance of the E.L.O song 'Mr Blue Sky'. We would like to show as big a range of instruments and groups as we can in the final performance, to show the full range of what ArtForms and CLYM have to offer children wishing to participate in ensembles. The videos will be recorded at home and can be made on a smartphone. You don't need to have been attending the online rehearsals to take part.

If you would like to know more about how to take part please email me at ralph.tong@leeds.gov.uk and I will give you all the information.

Some of our groups have recorded music videos previously during the lockdowns. You can see what they came up with at the links below:
